

## Additional Temporary Extended Unemployment Compensation (TEUC-A) for Displaced Airline & Related Workers

---

On April 16, 2003, President George W. Bush signed the Temporary Emergency Unemployment Compensation Act of 2002 -- Additional TEUC for Displaced Airline and Related Workers (TEUC-A).

This federal extension is available only to a very specific group of workers who are laid off from airline or airline related employment due to the terrorist actions of September 11, 2001, security measures taken in response to the attack or the war in Iraq. TEUC-A benefits are available for weeks beginning April 20, 2003.

To qualify individuals must have had employment in the airline or an airline-related industry during the base year of their most recent claim. Additionally, individuals must have been laid off from that employment after September 11, 2001 and the lay-off must have been specifically due to the terrorist actions of September 11, 2001, security measures in response to that attack or the war in Iraq.

The Idaho Department of Labor will mail notification to all potentially eligible individuals who have collected their TEUC or are currently collecting TEUC. The letter will explain the process for applying for TEUC-A.

This Internet site will be updated as new information becomes available. Please check this site regularly for TEUC-A updates.

Please **do not call** your local Job Service at this time. We will notify you in writing as soon as information is available, if you are **potentially** eligible for TEUC-A. If you believe you may be eligible, but have not received notification by May 30, 2003 you should then contact the nearest Job Service Office.
